Class News & Calendar

Grade 1 - Mrs. Noack

We hope everyone enjoyed the long convention weekend. It was fun hearing the students share their stories.

The first graders are learning about nouns in grammar, and the short "o" sound is being reviewed. In math we are learning about "counting on" as a method to add. When our second grade friends join us we continue our study of Jacob's family, now following Joseph on his life journey... We are also studying Martin Luther, the great reformer.

We enjoyed a very educational visit from the Stillwater Fire Department earlier in October. Several of us enjoyed their open house!

It is amazing that October AND first quarter are ending. We look forward to visiting with parents. We are also having fun getting things ready for November! May God continue to bless us as we focus on thanking Him for all that we have!

Grade 2 - Mrs. Hansen

Can you believe we are at the end of the first quarter already! Everyone has settled in and have learned some great skills. Some of the skills they have learned are learning their math facts, improving on their reading and writing skills, and how to maneuver around on the computer with various programs.

The second graders have also learned how to cooperate with each other in the classroom and on the playground. They have done this by playing games together and completing activities in the classroom. Finally one favorite thing about the beginning of the second graders day is the various ways we greet each other. It is fun to come up with different ways each week. This greeting is always followed by a devotion and songs to praise the Lord.
