WE ARE ALL TEACHERS!

The Salem Lutheran Faculty is spending time, before school, brainstorming ideas of how to make Salem the best school it can be. Right now we are reading an article that has ideas on making schools more effective and we would like to start implementing these ideas. The first area we are going focus on is experiential learning. We are looking for parents, grand parents, aunts, and uncles etc... that have knowledge to share. For instance, maybe your husband is a dentist and he could come and give a presentation about teeth or maybe you know a nutritionist that would like to talk about healthy eating habits. If you know of someone or if you are that someone, please contact your child's teacher. We thank you in advance for your help. We would love to learn what you have to teach.

COMPUTER LAB

Do you have headphones or ear buds at home that aren't being used? Please consider donating them to our computer lab.
